SALES PRICE :	\$4149.00

PRODUCT DESCRIPTION

The Bind Fast 5 by Standard is a fast thermal adhesive liquid glue binding machine that produces strong, lay flat documents. Once the cover is selected and the document is inserted, the machine automatically applies adhesive liquid glue to secure the cover around the document. Its versatile features and simple design make for an extremely economical and productive machine. With the push of a button, any user has the option to produce perfect binding, report binding, or padding. Its heated jog plate pre warms the adhesive to ensure a strong, secure bind. Its unique three fan cooling system cuts adhesive cooling time in half for padding and report binding. Capable of producing up to 150 perfect bound books per hour. Binds documents up to 400 sheets 1.75 thick .

PRODUCT FEATURES

Versatile features and simple design make for economical and productive machine
Produces perfect binding, report binding, or padding
Heated jog plate ensures strong, secure bind
Three-fan cooling system cuts cooling time in half for padding and report binding
Produces up to 150 perfect-bound books per hour
