PRODUCT DESCRIPTION

The Martin Yale J1824 padding press is specifically designed for padding extra tall stacks as high as 19.75 . Once the paper is securely positioned, padding glue is applied to one end of the stack and after it dries, the stack is cut into the individual pads. It is perfect for padding carbonless forms, note pads, and scratch pads. The tip back feature assures that the stock is always square. Its wing screws tighten by hand so no tools are needed for assembly. Its sturdy metal construction ensures a long lasting life. Pads books as big as 17.75 x 13 .
