PRODUCT DESCRIPTION

The Standard SPF 9A is a highly automated bookletmaking machine designed to meet mid level demand. Produces up to 2,100 booklets per hour. It has a 22 sheet off line capacity for making 88 page booklets. Its full featured detection system alerts the user of paper jams and empty staplers. Thirteen pre set mode settings increase productivity. The SPF 9A is equipped with two simple reload staple cartridges each containing 5,000 staples to increase efficiency. Capable of two way communication with collator for miss and double detection. Works on line with with a QCP Collator or in tandem with the FC 9 Face Trimmer
