PRODUCT DESCRIPTION

At the push of a button, the AB PRO Book Binder by Standard features an advanced thermal adhesive binding system that creates attractive linen cloth binds that are both efficient and strong. Simply insert colored sheets and the display panel indicates which tape width to use. The binding strip is automatically positioned for a precisely registered bind. The AB PRO Bookletmaker has 5 standard document widths make it the perfect solution for any binding application. It produces flexible and professional looking lay flat documents that are easy to read and copy. Contains a standard cooling tray with stacking support for low maintenance. Binds from 5 to 250 sheets 1 thick at speeds up to 200 binds per hour. Its easy operation and high quality output make it ideal for any office or print environment.
