PRODUCT DESCRIPTION

The Martin Yale J1811 padding press makes it easy to handle small padding jobs. Once the paper is securely positioned, padding glue is applied to one end of the stack and after it dries, the stack is cut into the individual pads. Padding stacks up to 5.75 high, and is ideal for carbonless forms, note pads, and scratch pads. Its sturdy metal construction ensures a durable lifetime. The wing screws tighten by hand so no tools are necessary for assembly. Pads documents as big as 17.75 x 13 .
