PRODUCT DESCRIPTION

DFG PUNCH All In One Mechanical TableTop Punch Binder THE WORLDS FIRST AND ONLY, TableTop, All In One Punch and Bind System with Paper Ejection and Stacking Device. All in One machines punch and bind three mechanical binding choices comb, wire, and coil. DFGs Innovative Design allows for all punching and binding requirements to be completed in one compact unit. No separate binding module changes are needed. DFGs innovative and built in PAPER EJECTION mechanism increases punch productivity by 50 and insures lower total costs of operation. DFGs innovative and built in POSIBINDING technology increases coil binding productivity up to 100 . DFGs innovative and built in CLOSEASSIST technology assures consistent and long lasting wire closure capability due to unique tapered steel bar and two adjustment design. DFGs unique design in comb binding spread capability allows for increased productivity through ease of finished book removal. DFGs INTERCHANGEABLE DIE design contributes to increased productivity through less than a minute die changes every time requiring no tools. DFGs PUNCH TOOL Design allows for instant punch pin disengagement without the removal of the die. DFG Punch SPECIFICATIONS Punching Capacity30 sheets one punch Punch LengthAny Length thanks to the fully disengagement pins and open throat design Comb Binding CapacityUp to 2 Inch thickness 50 mm , 500 sheets Wire Binding Capacity3 16 Inch to 1 1 4 Inch Coil Binding CapacityElectrical binding up to 1 Inch 25mm . Manual binding for any size Weight.....90 pounds Disengagement Pins Full set Power Supplier110 V AC, 60 HZ WarrantyOne year limited POSIBINDING Technology POSIBINDING Technology increases coil binding productivity up to 100 . PUNCH TOOL

PRODUCT SPECIFICATION

DIMENSIONS

Weight:	90.00 lbs.
Width:	1.00 inches
Length:	1.00 inches
Height:	1.00 inches

DESIGN PUNCH TOOL design allows for instant punch pin disengagement without the removal of the die. INTERCHANGEABLE DIE DESIGNS INTERCHANGEABLE DIE DESIGN contributes to increased productivity through less than a minute die changes every time requiring no tools. CLOSEASSIST Technology CLOSEASSIST Technology assures consistent and long lasting wire closure capability due to unique tapered steel bar and two adjustment design. This site also sells the GS2000 machine that is similar to the DFG All in One Punch without the binding mechanism. This allows a two person operation for punching and binding.
